

S3a Agreement on the use of private mobile devices at Leibniz Gymnasium

Private mobile devices (notebooks, tablets, smartphones) may be used in class under the following conditions:

- ☒ According to the teachers' conference resolution of 04.07.2022, for the time being private end devices may only be used in lessons for reading e-books relevant to lessons. Writing on these devices is only permitted from grade 10.
- ☒ The use is agreed upon in advance with the teaching staff and is only permitted for school purposes. The basic decision on the use of private devices in class is made individually by each teacher; there is no entitlement to this.
- ☒ Leibniz-Gymnasium and its teachers are not liable for damage to the device.
- ☒ It is not permitted to charge private devices at school. The owner of the device is responsible for ensuring that the batteries are in working order.
- ☒ Pupils may not be obliged to use private devices in class.
- ☒ The teacher may limit the use to certain functions/apps/programmes and teaching situations.
- ☒ As a basic setting during lesson time, "flight mode" and "do not disturb mode" must be switched on on the device.
- ☒ An internet connection may only be established with the permission of the teacher.
- ☒ As a rule, tablets and smartphones remain lying on the table.
- ☒ The teacher decides whether cameras need to be covered with Post-it or similar.
- ☒ Video, picture and audio recordings are only permitted with the express permission of the teacher.
- ☒ Attention: The school is a legally protected space. Secret recordings (picture, video, audio) here constitute a criminal offence according to §201/201a of the Criminal Code!
- ☒ For video, picture and audio recordings of persons, their express consent is required, for minors additionally from a parent!
- ☒ Headphones are used when playing video and audio for teaching purposes.
- ☒ In the event of violations, the teacher may confiscate the device and, in the case of minors, have it collected by a parent (see House Rules, point 6). The device will be returned to the adult at the end of the lesson day.
- ☒ The teacher can also prohibit further use after violations.

I, _____ (name), _____ (class/course) have taken note of these rules and will abide by them.
